

European Aviation Safety Agency

## SUPPLEMENTAL TYPE CERTIFICATE

**EASA.A.S.03831**

This Supplemental Type Certificate is issued by EASA, acting in accordance with Regulation (EC) No. 216/2008 on behalf of the European Community, its Member States and of the European third countries that participate in the activities of EASA under Article 66 of that Regulation and in accordance with Commission Regulation (EC) No. 1702/2003 to

### **Aero-Dienst GmbH & Co. KG**

**Flughafenstrasse 100  
90411  
Nürnberg  
Germany**

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and environmental protection requirements when operated within the conditions and limitations specified below:

**Original Product Type Certificate Number:** FAA TC A10CE

**Type Certificate Holder:** Learjet

**Model:** Learjet 35A

**Description of Design Change:**

Dual SN4500 EHSI Installation (Sandel)

**Associated Technical Documentation:**

As detailed in Engineering Order EO 250-LR, rev. 1 (or later approved revisions)

**Limitations and Conditions:**

1. Prior to installation of this modification the installer must determine that the interrelationship between this modification and any other previously installed modification will introduce no adverse effect upon the airworthiness of the product.
2. The installation of this modification by third persons is subject to written permission of the approval holder and holding and disposal of the approved appropriate documentation.
3. The approval holder shall fulfil the obligations of Part 21, Paragraph 21.A109

This Certificate shall remain valid unless otherwise surrendered or revoked.

**For the European Aviation Safety Agency,**

**Date of issue: 26 May 2009**
